

## CHOOSING TO BUY FROM ALASKAN OWNED BUSINESSES HELPS LOCAL COMMUNITIES THRIVE

When a visitor to Alaska buys from a locally-owned business, the impact is felt many times beyond the initial point of sale. A significant portion of each dollar spent at an Alaskan-owned business stays and drives the local economy that would otherwise leave if it were spent at a non-local business. The effects are felt by Alaskans in the form of higher wages, improved local infrastructure, funding of local charities, and much more!

Alaska businesses love sharing authentic Alaska products & experiences with their guests. Thousands of locally-owned businesses in Alaska have their doors open as a result of the visitors that come to Alaska each year. These businesses contribute to the vibrancy and unique character of Alaska communities that makes them special for visitors and residents alike.

Choose to shop at Alaskan-owned businesses and help these special local communities in Southeast Alaska thrive!

## LOOK FOR THE LOGO

**Made in Alaska**  
When purchasing products in Alaska, look for the mother bear and her cub logo signifying the product was manufactured in Alaska. The Made in Alaska program mission is to promote products made, manufactured, or handcrafted in the state. Products which are 51% or more produced in Alaska are eligible to use the Made in Alaska logo and certify the product's authenticity.

**Alaska Grown**  
The Alaska Grown logo identifies those agricultural products that are grown in Alaska and serves as a country of origin label for the USDA. The logo is supported by the Alaska Division of Agriculture.

**Alaska Silver Hand**  
The Silver Hand logo indicates that the artwork on which it appears is created by hand in Alaska by an individual Alaska Native artist. The Silver Hand program helps Alaska Native artists promote their work in the marketplace and enables consumers to identify and purchase authentic Alaska Native Art. The Silver Hand program was created by the Alaska State Council on the Arts in the 1980's.
